

## Master National Retriever Club

### Tim Buck – Treasurer

---

My name is Tim Buck and I am honored to serve as the current Treasurer for the Master National Retriever Club. I live in Round Rock, Texas and am a member of the Waterloo Amateur Retriever Club, as well as the Heart of Texas Retriever Club.

I have been the Treasurer for WARC for the last three years, including when our club hosted the 2009 Master National in Giddings, Texas. I was actively involved in the various financial aspects of that event and worked closely with the MNRC Treasurer at the time. I helped our club put on the event in other ways as well, including running test dog.

I was honored to judge the 2008 Master National in Virginia, MN. I enjoyed the experience tremendously and learned a great deal about what it takes to put on this great event. I have been judging at the Master level since 1998. I look at every judging experience as an opportunity to learn and hopefully to help others enjoy our sport.

I have qualified dogs for the Master National several times over the years, with the first being in 1997. Unfortunately, I have not been able to attend as many

events as I would have liked. I ran my dog, Lyle, at the 2003 Master National in Thomasville, Georgia and we received a qualifying ribbon. My current dog, Laurie, qualified for the 2010 and 2011 events. Sorry to say, she had to be scratched from the 2010 event. She ran all five series of the 2011 event but did not bring home a ribbon. My young lab, Riley, is showing good potential and I hope to run him in many Master National events in the years ahead.

Professionally, I have been the Chief Financial Officer for JMC Products, a computer components company in Austin, Texas, for the last twelve years. Prior to my current position, I served as the Financial Controller and Accountant for several other companies.

I look forward to serving on the board of the Master National Retriever Club. I will do so to the best of my ability and with a high level of dedication and ethical commitment.
